

# Easy Release PVC Protection Tape

## TECHNICAL DATA SHEET

### PRODUCT: A510

**PROPERTIES:** A 130 micron easy release PVC tape with a coating of rubber based pressure sensitive adhesive on one side. The product adheres well to both glass and aluminium and removes cleanly with no adhesive residue.

**FEATURES:** The product is specially coated to allow an easy unwind whilst retaining its excellent medium tack properties. The easy unwind allows the product to be applied in wide widths (up to 1250mm).

### APPLICATIONS:

Ideal for heavy duty protection of:

- Aluminium frames during transportation and installation
- A wide variety of metals, painted steel and sheeting
- Construction - particularly where bricklaying or rendering is involved

### TECHNICAL PERFORMANCE

Description	Units	Value	Test Method
Tape Thickness	mm/mils	0.130 / 5.0	PSTC-133
Adhesion to Steel	kg/cm, oz/in	0.12/11	ATSM D-1000
Elongation at break	%	180	PSTC-131
Tensile Strength	kg/cm, lbs/in	2.1/11	PSTC-131
