

RENDER MASKING CLOTH TAPE

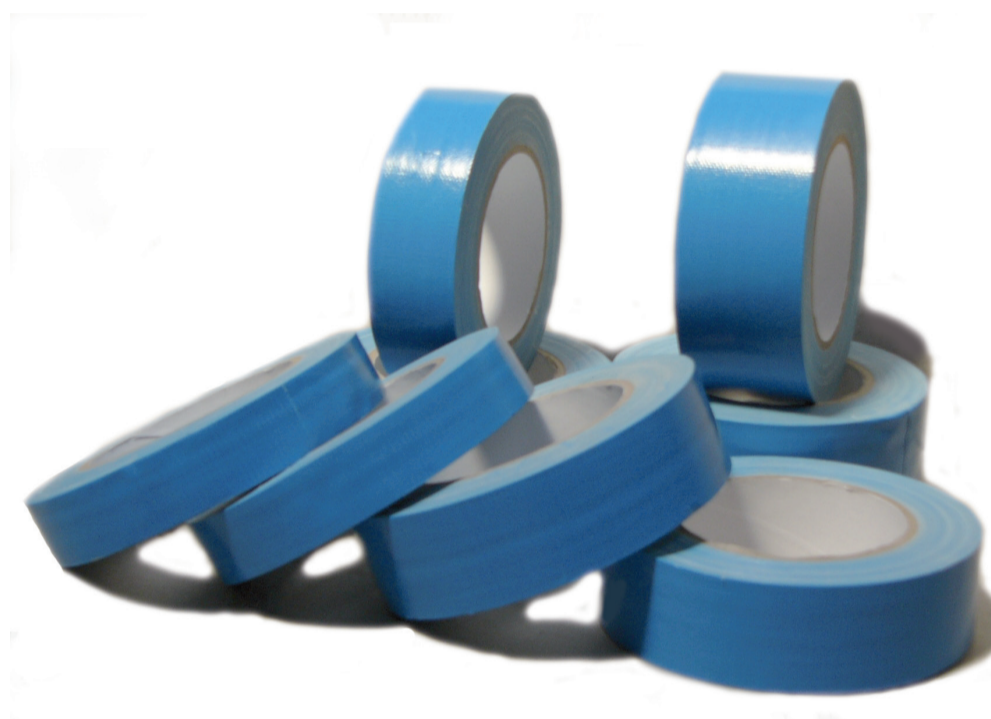

Masking Grade – UV Resistant

TECHNICAL DATA SHEET

CODE: WK70UV

PROPERTIES: WK70UV Render Masking Cloth tape is a premium grade 70 mesh cloth tape. The product is coated with a special UV resistant adhesive for the best performance in masking for rendering and painting applications.

FEATURES: Waterproof backing with excellent initial tack and adhesive power at both low and high temperatures.

Easy tear and unwind – its high adhesive coat weight readily conforms to a wide variety of surfaces.

Clean removal at least 14 days from application.

APPLICATIONS: For masking applications within the Render industry. Adheres well to PE sheet for wider area masking.

PROPERTIES VALUES:

	Standard	Metric #1	Metric #2
Cloth Mesh	70 mesh	70 mesh	70 mesh
Total Thickness	300 microns	0.30 mm	11.8 mils
Peel Adhesion	1,000 g/25mm	3.92 N/10mm	35.3 oz/in
Tensile Strength	15.0 kgf/25mm	58.8 N/10mm	33.1 lbs/in
Elongation	12.0%	12.0%	12.0%
Service Temperature	-15 ~ 50 C	-15 ~ 50 C	-31 ~ 106 F
